Magic Sword™

Once again the sky has turned ominous and the stench of wickedness fills the air. The world has been plunged into darkness by Drokmar, who was corrupted by the seductive spell of the Black Orb, which promises immortality to anyone who possesses its sorcery. He rules now with an iron fist and an army of ghoulish demons ready to crush any hope for freedom. The people have chosen you to unleash the power of the **Magic Sword** and rid their world of this cursed evil. Have the people placed their trust in the right person? Can you resist the temptation of the all-powerful Black Orb?

Capcom USA proudly presents **Magic Sword**, the latest video game with Capcom's exclusive CPS Super Chip. The incredible high-resolution graphics allow action so real that the characters seem to come to life and leap from the screen to do battle. With *fifty* levels to conquer, plus a special feature which allows players to choose between *two* **different endings**, you'll find huge treasure in the coin-box for months to come!
